PERSONAL SUMMARY

I am a third year Animation and Visual Effects student at Chapman University. I work both with technical and creative mediums to create projects ranging from animation to video game development. My goal is to apply my skills developed during university in an industry setting to gain work experience before I graduate and join the workforce.

PROFESSIONAL EXPERIENCE

Sole Proprietor and Manager of Animation and Video Game Development Business Vintro Studios: Boise ID (2018-Current)

- Launched Blickel™ on the Steam Marketplace Spring of 2023.
- Released first animated short on YouTube Spring of 2023.
- Designed, Created, and Manage own website to help promote and showcase projects and personal information.
- Use Photoshop, Aseprite, FL Studio, Blender, Audacity, Fusion 360, Adobe Premiere and other Software.
- Use Gamemaker, Unity, and Unreal Game Engines in the game development projects.

Lifeguard and WSI Instructor: Boise State University: Boise ID (2017-Current)

- Maintain pool and facility equipment for proper pool operation.
- Survey and Monitor Patrons to ensure compliance with facility rules and operation.
- Provide water and safety instruction to swimmers of all ages.
- Certified American Red Cross Adult, Child and Infant Aid/CPR/AED, Lifeguard, and Water Safety Instructor
